Our Chairman

Chairman Message

As President of I Build General Buildings & Contracting Company W.L.L

I firmly believe that if we can achieve a place in the hearts & minds of our customers as a provider of innovative solutions for Fitout & construction projects that suit every need and fulfill all dreams, the possibilities for the growth of IBC will be unlimited no matter how challenging is the project environment is.

IBC is a specialized company truly capable of benefiting and profiting from both customer's projects & their reputation.

I would like to take this opportunity to pledge that I and the IBC engineering team will endeavor to devote our full efforts to exceed our customers' expectations & fully satisfy their needs and requirements.

Thank you.

Yours sincerely,

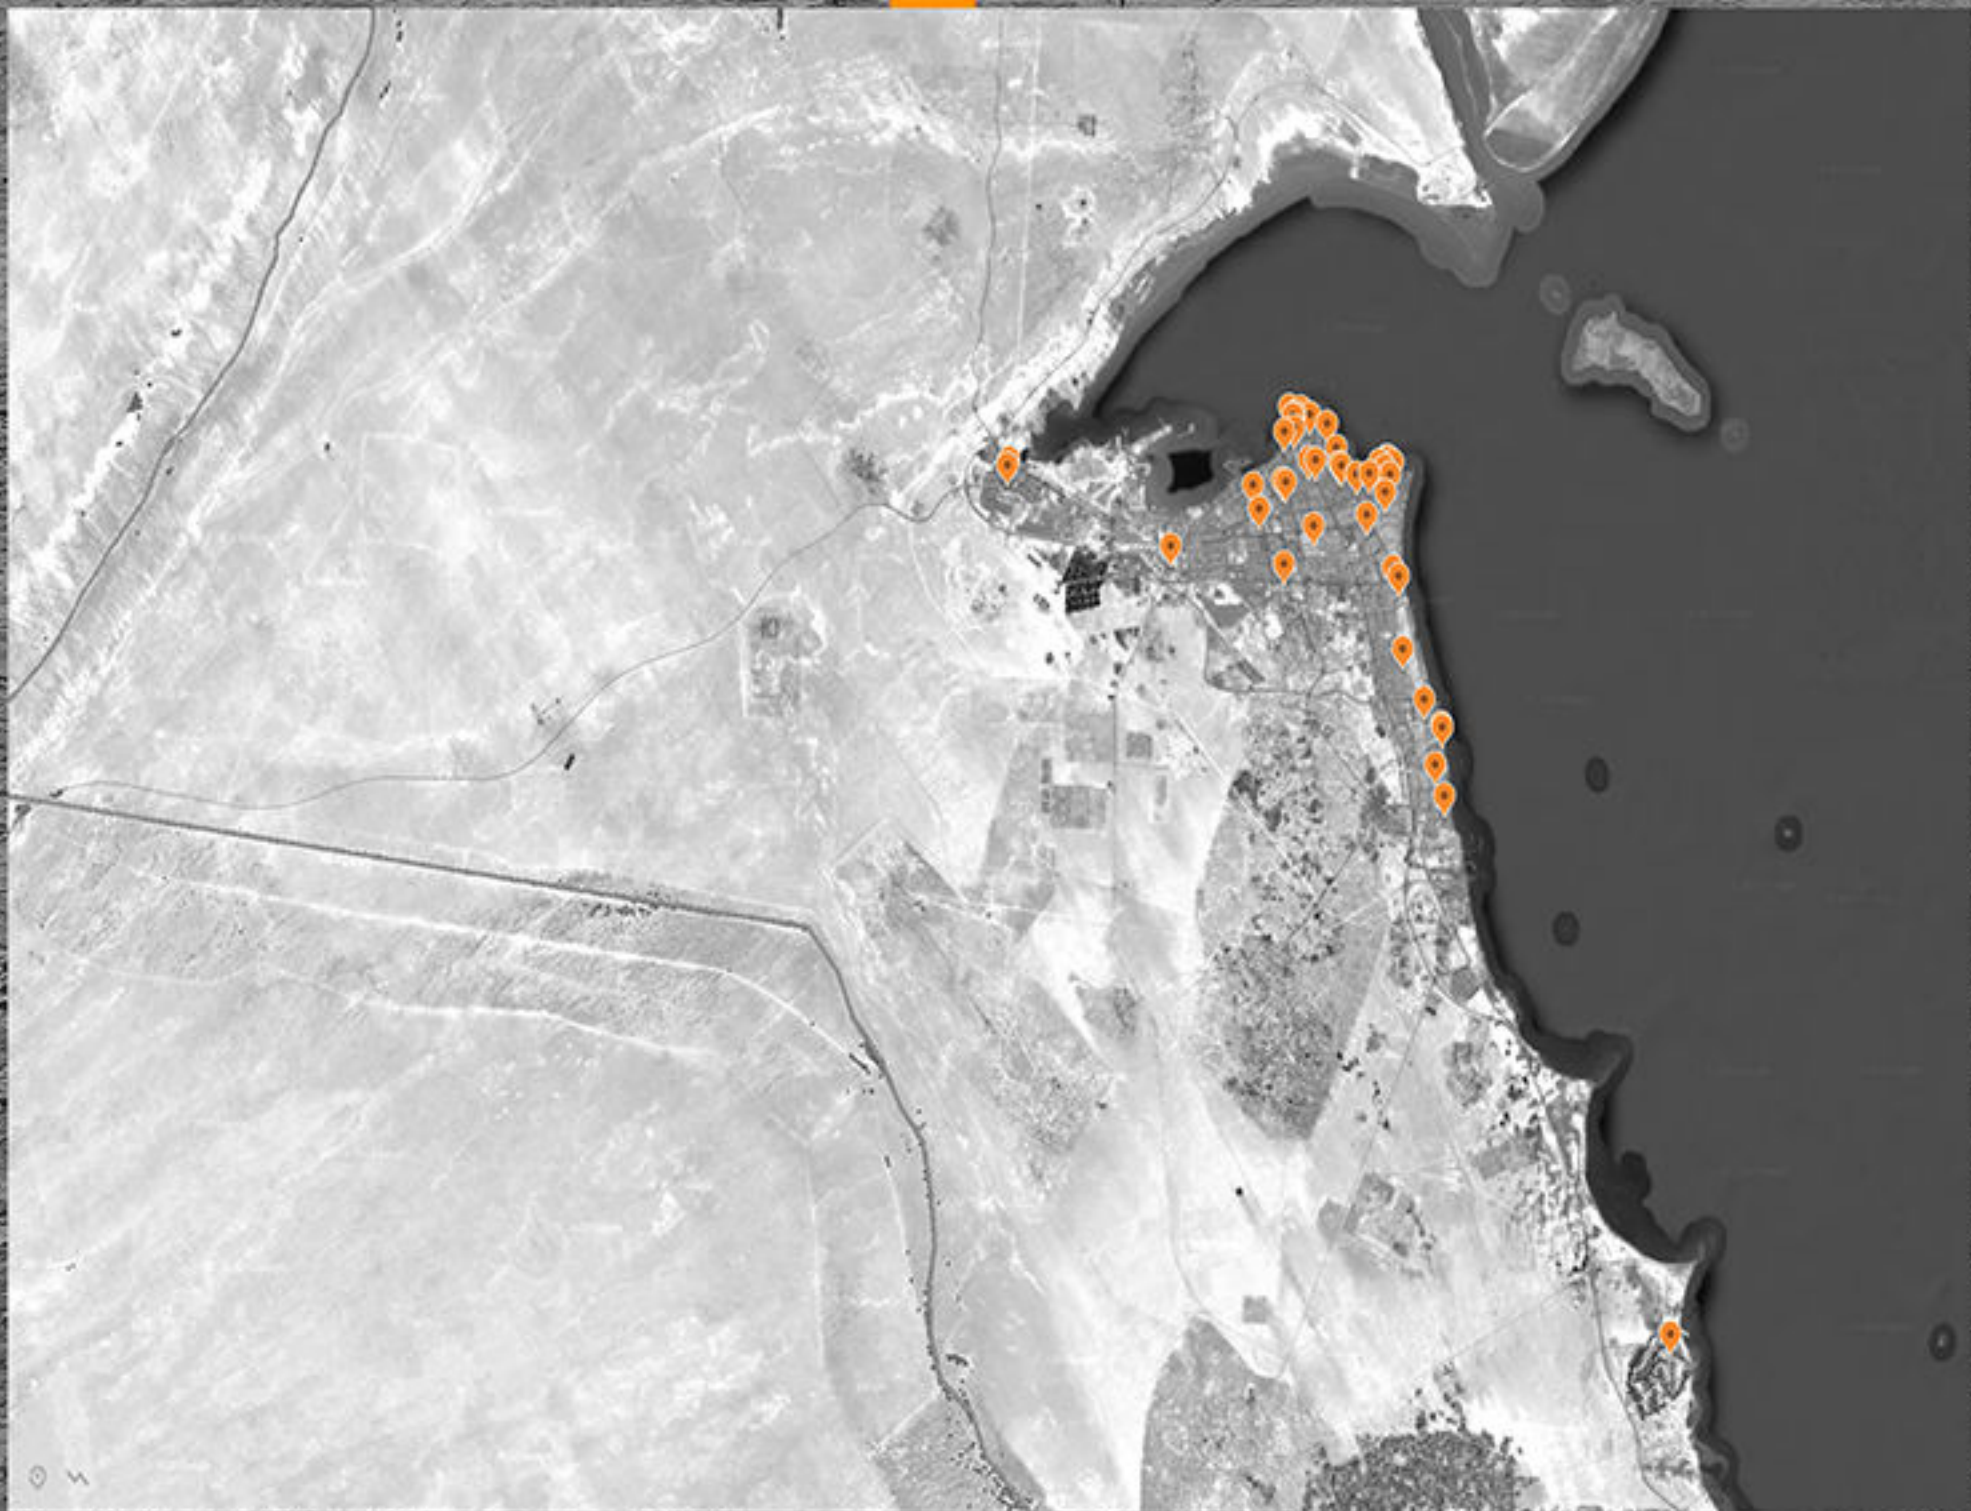

Eng.Abdulkarim AL Shawa

Our Team

- * I Build has provided its clients with reliable solutions to their most complex construction challenges.
- * Our expertise spans the fitout projects spectrum, from smaller renovations to huge projects.
- * We are specialized in building construction in terms of civil, electrical, HVAC, plumbing, firefighting, fire alarms, gas works, decoration, and finishing work.
- * Our team of fitout professionals offers a single source solution for all of your construction-related needs. Whether it's restoration site preparation, a new facility, or facility renovation.
- * We have the experience and professional attendance to provide the highest quality fitout on schedule and within budget.
- * Our senior engineers have more than 45 years of experience in the fitout and construction field, working on government and private projects.

Our Projects

OUR FITOUT SERVICES

- * Building trusting relationships with our clients by being responsive to their expectations and providing the highest quality possible is the cornerstone of our corporate culture.
- * I build practices opening honest communication, with our clients' trust a priority from the get-go.
- * Being held accountable for our actions and offering complete transparency throughout the construction process, our clients have received not only higher quality projects on time and on budget; but also peace of mind that we acted as their agent with their best interest at heart.

- * Our success is driven by more than building some of the most advanced facilities for our corporate, commercial and residential clients.
- * Ability to implement innovative project management techniques and to serve as a reliable provider of driven-knowledge solutions for their complex fitout projects.
- * Our team of professional engineers offers a source-single solution for all of your construction-related needs. Whether it's restoration, site preparation, a new facility or facility renovation.
- * We have the experience and personnel attendance to provide the highest quality construction on schedule and within budget.
